

## 2009 IX tentative time schedule

**TIMES ARE APPROXIMATE** - use simply as a guideline. Times may vary by an hour or more so please keep an eye on your ring. If you have a conflict you must mark conflict on the gate sheet or you will be marked absent *when we finish that height*. In Exc You may ask to walk with a different height to avoid conflict or run in the early "conflict" spot at the start of the exc class. You must run by the time the class is finished, **no ring will be held past the last dog** for any reason.
